INVITATION TO BID

FOR CONSTRUCTION OF
NPS REPAIR CANAL INLET 1 AND LIFT LOCKS 1, 2, AND 5; RECONSTRUCT GEORGETOWN CANAL WALLS

Your bid is due to Clark on or before April 18th, 2023 @ 5:00PM

Project Description:
This project will rehabilitate canal Lift Locks 1 and 2 in Georgetown as well as the Inlet Lock 1 complex, which includes canal Lift Lock 5. This project will replace lock gates, timber sills, and associated hardware. Necessary masonry repairs will be accomplished to stabilize the structures, including repointing work to regain water tightness. This also reconstructs several historic stone masonry retaining walls on Level 4 of the Chesapeake and Ohio Canal located in Georgetown (Washington, D.C.). Minor railing and hardscaped surfaces will be removed and reinstalled at the conclusion of construction. The project will require temporary scaffolding and temporary support of excavation walls to execute the reconstruction.

The work is located in along the C&O canal mile markers 0.38 to 0.95 in Washington, DC, 20007 and C&O canal mile markers 5.1 to 5.3 in Bethesda, MD 20816
