

nTech Solutions is an IT Solutions provider supporting ERP, Cyber Security, Application Systems Integration, Service Oriented Architecture and Staff Augmentation. We partner with your organization to recruit, hire, and retain only the best resources to manage your specific needs. Having provided IT Solutions since 2005, we know the industry and what it takes to provide clients with quality professionals. We strive to facilitate your projects completion on time and on budget.

Recognizing that technical resources may be needed for long and short term duration's without increasing your fixed costs, nTech offers a comprehensive IT Solution; we also provide companies with the ability to adjust their resource needs at a predictable cost structure.

Possessing a centralized management of recruiting workforce that allows us to match the most qualified candidates to your specific needs, while using industry-leading recruiting tools and process that enable us to maintain a qualified pool of personnel resources for a quick response. As a leading IT services provider, we work with you to understand your business needs and to provide flexible, scalable options with our IT based solutions.

nTech Solutions stands apart from the competition by demonstrating consistency, professionalism, and the ability to maintain a true business relationship, with our clients best interest at heart.

nTech Solutions is not just a provider of technology but a provider of services that are aligned to our client's business needs.

nTech Solutions is nationally recognized by INC 500 and also rated as one of the fastest growing companies in the state of Maryland.

nTech Solutions is a Certified Minority Business Enterprise through the state of Maryland, Pennsylvania and Delaware. We are also a certified member of the Maryland/ District of Columbia Minority Supplier Development Council.
