YES, we will bid.

NO, we are unable to bid.

We received your information from the City of Baltimore and hope that you will join us in bidding this project. If you would like to become a subcontractor with Clark Construction and receive future ITB's please go to this website and register a Subcontractor Qualification Application. The application will be used by Clark to aid in determining the qualifications of a subcontractor to perform the specific work for which it is being considered. www.clarkextranet.com/subform.

**BID INVITATION FOR CONSTRUCTION
OF
JOHNS HOPKINS BAYVIEW MEDICAL CENTER (JHBMC) - EMERGENCY DEPARTMENT
EXPANSION AND RENOVATION**

Clark Construction Group, LLC is legally and morally committed to supporting, assisting and providing equal opportunity to Minority, Disadvantaged and Women Owned Business Enterprises. In furthering that commitment, we invite you to bid on any area(s) of work on the referenced project in which you may be interested. Below you will find certain information regarding the project. We are available to assist you with any questions that you may have.

DESCRIPTION OF PROJECT - This project, situated in the Johns Hopkins Bayview Medical Center (JHBMC) in Baltimore, MD, consists of an expansion and renovation of the Emergency Department. Work shall be conducted in six phases as summarized below.

Phase 1 - Demolition of the existing emergency department entry vestibule and associated canopy as well as demolition of the existing basement level.

Phase 2 - Construction of emergency department additions including MEP rooms on the Basement level; ambulance entry, trauma area, walk-in entry, family lounge, patient in-take and fast track areas on the first floor; adult observation areas on the second floor; and pediatric observation and pediatric

Phase 3 - Interior demolition of a portion of the existing Emergency Department, construction of the Psychiatric Evaluation Services Suite, renovation of the staff services as well as work within the existing basement.

Phase 4 - Demolish a portion of the existing Emergency Department, construction of general exam rooms and critical care bays, as well as work within the existing basement.

Phase 5 - Includes renovation and construction within the existing connecting corridor between the Emergency Department and the FSK pavilion.

Phase 6 - Demolish existing Emergency Department fast-track trailer as well as patching and repairing the exterior façade of the FSK Pavilion to match adjacent.

INFORMATION REGARDING COMPANY'S BONDING REQUIREMENTS

Clark Construction Group, LLC may require subcontractors to provide, on Clark Construction Group, LLC provided forms, 100% Payment and Performance Bonds naming Clark Construction Group, LLC. as obligee.

Please indicate your bonding qualifications in your written bid proposal. Procedures for obtaining the necessary bonds are attached as Exhibit A.

PROCEDURE FOR OBTAINING BONDS

Subcontractors who do not already have a surety company relationship should be prepared to furnish the following minimum information to a surety agency so the agency can successfully place the required bonds with a surety company.

1. Last 3-5 years of the company's financial statement.
2. Current personal financial statements of the stockholders.
3. List of major projects completed in the last 3-5 years including the Owner's or prime contractor's name, address, telephone number, the final contract price and final profit.
4. Schedule listing current incomplete work including the contract price, projected profit, billing to date and cost to date of each project.
5. Resume of Key personnel.
6. Letter from the company's bank indicating the nature of the relationship and the line of credit if one is being provided.
7. List of major suppliers including name, address, telephone number, the terms and limits of credit extended.
8. A detailed account of its continuity arrangements including buy-out provision, if any.
