

BWI THURGOOD MARSHALL INTERNATIONAL AIRPORT
RESTROOM IMPROVEMENTS – PHASE 1 PROJECT

SUBCONTRACTOR OUTREACH EVENT

JOIN US! The Clark Team is excited to meet you!

Are you interested in subcontracting opportunities for this project? If so, we want to meet you!

WHEN: Wednesday, April 21, 2021

TIME: 10:00 AM – 12:00 PM

WHERE: Virtual via BlueJeans at the link below:
<https://bluejeans.com/400375558>

PROJECT OVERVIEW

The proposed project is a program at Baltimore/ Washington Thurgood Marshall International Airport to update and improve the restroom facilities. Package 1 comprises renovations to six sets of existing airside restrooms: two on Concourse B, two on Concourse C, and two on Concourse D. Each restroom's scope involves demolition of the existing restroom as well as renovation work and extension of the building envelope. Each set of restrooms includes a men's restroom, women's restroom, and ancillary spaces (family assist restroom, adult change restroom, and lactation room). Alternate No. 1 will be the net cost deduction for providing all labor, materials, equipment and supervision for Alternate Finishes and toilet compartments instead of Base Bid Finishes and toilet compartments in the renovation of the restrooms:

- Restroom B.R1 on Concourse B adjacent to Gate B3 (in the location of decommissioned Gate B1)
- Restroom B.R2 on Concourse B between Gates B8 and B10
- Restroom C.R2 on Concourse C between Gates C2 and C4
- Restroom C.R3 on Concourse C between Gates C7 and C9
- Restroom DX.R2 on Concourse DX, between Gates D7 and D9
- Restroom DY.R2 on Concourse DY between Gates D23 and D25

**This project has an 23% MDOT DBE participation requirement.
Subcontractors who are MDOT DBE certified are highly encouraged to attend.**
