All Interested Contractors Invited To Attend

Join us to learn about subcontracting opportunities on the Entertainment and Sports Arena construction project located on the St. Elizabeths East Campus in Washington, D.C. The project will include a 4,200-seat arena for entertainment, athletics, community and cultural events. The Smoot | Gilbane project team will provide information on the many trade contract opportunities, as well as go over the prequalification requirements.

Smoot | Gilbane is committed to partnering with local businesses, particularly those businesses located in Ward 8. This event will showcase opportunities available to smaller businesses that promote economic development east of the Anacostia River.
