All Interested Contractors Invited!

Gilbane Building Company is pleased to be providing construction management at-risk services on the renovations to the Baltimore Ravens' M&T Bank Stadium in Baltimore, Maryland. Gilbane is committed to partnering with qualified local, minority, women- and veteran-owned subcontractors and vendors. Join us on Thursday, May 4, to learn more about the subcontracting opportunities on Phase 2 of the stadium's improvements.

At the outreach event, the project team will give a briefing on the many trade contract opportunities available. Contractors must register with Gilbane at <https://outreach.gilbaneco.com/> to begin the prequalification process; with further prequalification required to bid as a prime contractor on this project. Additional details on Gilbane's contractor registration and prequalification process will be provided at the event.

Project Scope

Phase 2 improvements will enhance the overall fan experience and will include the installation of new escalators and elevators, additional suites, structural modifications and upgrades to all club-level concessions, restrooms and bar/lounge areas.

Entrance to the event will be located at the SE suite entrance across from Lot E. Please check in with the security guard upon entering Lot E and reference the Gilbane Outreach Event for further instructions. Once inside, an usher will be available to direct guests to the escalators that access the Club Level on the second floor.

Reserve your spot early by clicking the link below!
