

Maryland Non-Gaming Vendor applicants

Pay Careful Attention to the Following:

Vendor applicants must complete specific steps before submitting an application to the Maryland Lottery and Gaming Control Commission.

Applications received with any of the four (4) following defects will cause significant delays in the processing of the vendor's request for approval and may result in the disqualification of a vendor. The denial of an application will permanently prohibit the vendor from conducting any business with any Maryland licensed casino.

- 1) All vendors must obtain a **'Casino's Certification of Business Relationship'** form page. Certification for pages can only be issued by a licensed Maryland casino or by designated casino construction companies authorized to issue certifications. A vendor applicant is prohibited from completing the 'Casino's Certification of Business Relationship' form page. Certification form pages bearing the signature of a vendor applicant may be considered a material misrepresentation to the Commission, and may result in an automatic disqualification.
- 2) All vendors must register with the **Maryland State Department of Assessments and Taxation (MD SDAT)** and submit verification of their compliance with MD SDAT regulations to the Commission. MD SDAT will determine whether the vendor is required to either:
 - A. File for and maintain "Good Standing" (the vendor is required to furnish the Commission with a copy of the 'Certificate of Good Standing' with the Vendor Form application); or
 - B. File for a "Trade Name Registration".
- 3) All vendors must submit the required application **Fee**. Instructions for original / initial and 'Upgrade' applications are found in **Section 'C'**, and the non-refundable fee is either \$100 or \$1,000. Instructions for Renewal applications are found in **Section 'D'**, and the non-refundable fee is either \$100 or \$500. The application fee (except Wire Transfers) must be submitted with this application.
- 4) All vendors must submit **accurate, legible and complete applications** on single-sided pages. Vendor applicants should carefully read all of the instructions and thoroughly review the entire document before submitting it to the Commission. Failure to submit required information may result in denial of an application. Refusal to rectify deficiencies following notification, or submission of false or misleading information, will result in the denial of an application.

- B.2** A Vendor that provides, or anticipates providing non-gaming related goods and services within a calendar year with a combined total value:
- a) Of less than \$9,999 is exempt from submitting an application to the Commission;

SECTION F - IMPORTANT NOTICES

- F.1** This form is an official document of the Commission, and may not be altered or changed, except to insert the information that is required. Any alteration or change to this document is prohibited and may cause the application or the Vendor's certification to be delayed or denied.
- F.2** An Applicant ***must*** make accurate statements and include all material facts. Failure or refusal to provide any required information; intentional omissions of material facts; misrepresentation of details; or failure or refusal to meet any other requirement as set out in law or regulation may result in the denial of the application. False or misleading statements to the Commission may subject a Vendor applicant to civil and/or criminal penalties. All submissions are subject to verification.
- F.3** The Commission's decision to deny or cancel a vendor registration or vendor certification, or denial of the renewal of a vendor registration or vendor certification, does not give rise to an appeal right under the contested case provisions of the Maryland Administrative Procedure Act.
- F.4** A Vendor applicant is under a continuing obligation to promptly disclose any changes in the information provided to the Commission (including any individual listed herein as an Officer, Partner, Director, Employee or Owner; physical/email addresses; or phone numbers) whether in the application or on any material(s) submitted. The Applicant shall provide **written notification** of any change(s). The duty to inform the Commission is in effect from the date the application is submitted and continues through the entire period the vendor registration or certification is granted.
- F.5** If a Vendor changes the name of the company with which it conducts business with a licensed Maryland casino or casino license applicant, the Vendor **must** submit a new Vendor Registration or Vendor Certification application. The Vendor will list all the changes in name, address, contact information etcetera, as well as all company officers that are applicable to the name change. It is not necessary to submit a fee with the application, so long as the term of the initial application has not expired, or is not within 90 days of expiring. Once the Commission reviews the new application, the Vendor will be notified if further action or additional information is required. The Commission will update the company name on the website at the conclusion of the review.
- F.6** Applicants are required to disclose to the Commission those employees in positions of supervision or management who are responsible for directly/significantly overseeing, administering or controlling the provision of goods and/or services to a licensed Maryland casino. During the construction phase, individuals holding positions with job descriptions such as site superintendents, foremen, project managers, field supervisors, project supervisors and account representatives are required to be divulged. During the gaming and hospitality phase, individuals holding positions with job descriptions such as project managers, regional account managers, sales supervisors and account representatives are required to be divulged. Each individual is required to submit a Vendor Employee disclosure (refer to **H.9**) and submit a notarized Authorization of Release Form.

It is recommended that each every individual listed on **H.7**, **H.8** and **H.9** contact the Maryland Department of Budget and Management's Central Collections Unit at (410) 767-1220, Monday through Friday, from 8:00 a.m. to 5:00 p.m. to determine if the individual has any unpaid debts to the State of Maryland.

F.7 Vendor applicants are required to attach proof of registration with the Maryland Department of Assessments and Taxation (MD SDAT) to do business within the State.

Assistance with this process may be obtained from: <http://dat.maryland.gov/Pages/default.aspx> or by sending email inquiries to charterhelp@dat.state.md.us if necessary.

The Commission will periodically monitor each Vendor's compliance with SDAT.

F.8 A Vendor must present sufficient justification to establish that it is suitable for Certification by the Commission. The burden of proof remains with the Vendor, and the Vendor must continuously maintain suitability. Failure or refusal to maintain the criteria for approval, to include SDAT "Good Standing" status, may lead to the Commission suspending or cancelling the Vendor's Certification.

F.9 The 'Representative of the Applicant Form' must be completed and notarized. The Vendor may act as the Representative of the Applicant or may appoint a Representative of the Applicant to complete and submit the application. It is the responsibility of the Representative of the Applicant to ensure that the response to every Commission interrogative is accurate and to ensure that the application is correctly submitted.

F.10 An Applicant should give specific attention to the clear identification of those portions of its application that it deems to be confidential, proprietary commercial information or trade secrets, and provide justification of why such materials, upon request, should not be disclosed by the State pursuant to the Public Information Act ("PIA"), Title 10, Subtitle 6, State Government Article, Annotated Code of Maryland. Confidential information supplied shall be revealed in the course of the necessary administration of this application. A blanket statement by an Applicant that its entire application is confidential, proprietary commercial information or a trade secret is unacceptable. Applications shall be open to public inspection only after award of a license has been made, to the extent permitted by the PIA. The Applicant is advised that, upon request for this information from a third party, the Commission will make an independent determination whether the information may be disclosed. An Applicant or licensee waives any liability of the State of Maryland, and its employees and agents the Commission, and the Maryland State Lottery and Gaming Control Agency for any damages resulting from any disclosure or publication in any manner.

When the Agency receives a PIA request, Staff retrieves and compiles all records that are responsive to the request. "Records" means all papers, emails, notes, recordings, maps, plans, forms, etc. After Staff compiles all responsive records, the Office of the Attorney General (OAG) reviews the request and the records, and makes a legal determination as to whether the records may be released. Additionally, when the Agency receives a request for records of an entity that holds a gaming-related license, or a vendor registration or certification, Agency Staff or the OAG typically advise the entity of the request and our anticipated response. The entity may file litigation to prevent the Agency from releasing records it wants kept confidential.

F.11 Once a vendor is approved by the Commission, the vendor is authorized to conduct business with all Maryland casinos. The vendor is not required to submit a new application for each casino.

F.12 The Commission may request additional financial and other information as needed.
