"I had a wonderful experience with MWMCA. Pat and Ebony are extremely knowledgeable and very detail oriented, making the certification process go smoothly. Even after getting my certification, MWMCA continues to support my business by informing me of important events that could benefit my company. What an amazing team!"

"Ebony and the whole MWMCA team has been great. I'm really happy with their service, the different events, and opportunities they present to businesses. They have helped us accomplish one of our goals, by assisting us to get our MDOT MBE/SBE/DBE certification. They have been very informative from the beginning, helping us to understand the process, which made the application process so much easier. I want to thank Ebony, Mr. Frazier, and the whole MWMCA team for their help and encouragement. This organization has a true passion, in helping small businesses succeed. We will continue to lean on this great organization for support, through our business growth."

"The benefits of operating a business as an MBE Certified Firm were always apparent to me, but the process to get through it seemed too daunting so I always put it off. Now that our business DazTech Inc is MDOT certified with the help of the team at the MWMCA, I come to the bittersweet realization that I wish I had met these great people many years back. I don't know if it could be possible for anyone else to make the application and due diligence any easier. Ebony and the MWMCA team, you guys are simply the best. Thank you so very much."

Mischa Vallegotti, President

From helping with the application process to connecting our company with other company sources. As well as providing helpful knowledge for more opportunities in the DMV area."

"My experience with MWMCA was nothing less than amazing. I had the pleasure to work with Ebony, she made the whole minority certification experience smooth from start to finish. By working with MWMCA, I was able to obtain my Minority Certification. I would recommend anyone that's looking to get their certification to go through MWMCA."
