Entering the University of the District of Columbia's Garage/Walking Directions to the Student Center

When entering the garage, you will go through a gate that requires you to take a ticket, which will need to be paid at a payment kiosk before you exit the garage. As a guest, you will need to exit the garage through the same place that you entered (and not the lower level exit). You can park anywhere in the garage. As you enter through the parking gate, you will notice that straight ahead and to the right is a ramp that leads to a lower parking level. The easiest way to get to the Student Center from the parking garage is to go down that ramp and exit the parking garage on foot. As you exit the parking garage and walk east, you will see some vehicles parked in the rear of some large buildings, and a street that leads to Connecticut Avenue. Go up to Connecticut Avenue and turn right and you will see the Student Center. The lobby is through the front door.
