Project Description:	<p>The project includes renovations of Buildings 5016 & 5046 that will provide a Command suite with offices, Sensitive Compartmented Information Facility (SCIF), arms room, operations center, conference rooms, file and general storage, and other functions of a standard Command and Control Facility. Renovate buildings to provide a non-standard Battalion Operations Facility, and non-standard Company Operations Facilities that include Chemical, Biological, Radiological, Nuclear, Explosive special equipment enclosed storage. A standard design vehicle maintenance shop will be constructed with organizational storage, petroleum, oil and lubricants storage, hazardous waste storage, and unmanned vehicle storage. Project also includes Intrusion Detection Systems (IDS) installation, Energy Monitoring and Control Systems (EMCS) connections and Building Information Systems. Access for persons with disabilities will be provided. Sustainable Design and Development (SDD) and Energy Policy Act of 2005 (EPAAct05) features will be provided. Supporting facilities include all required utilities and connections, exterior and security lighting, storm drainage, paving, curbs, walks and gutters, parking, site improvements, landscaping, signage, and information systems. Air Conditioning (Estimated 35 Tons). The total SF of the buildings is 186,478 SF.</p> <p><i>Grunley encourages Small Business firms to bid this project.
