FAX TO: 610-584-8205

Our company is preparing to bid the Broad Creek WWPS Improvements and Force Main contract, a construction project in the Oxon Hill, MD area. Our company is soliciting a quotation from your company for any of the items detailed on the following list.

The SLMBE Office recommends that this Solicitation contain a 12% Small, Local and Minority Business Enterprise (SLMBE) subcontracting requirement. In accordance with MBE SP 11-01 and SLBE SP 12-01, this subcontracting goal can only be satisfied by proffering subcontracting to **WSSC-Approved SLBE firms** and the following types of **certified MBE firms: African American, Asian American and/or Native Americans**. The NAICS Codes and description utilized to determine the availability of certified-MBEs and the appropriate SLMBE participation level for this request are: **541330** (Administrative management and consultant services); **541820** (Public relations and agencies); **561990** (Flagging services); **423610** (Constructions materials); **484110** (Trucking, general, freight, Local); **238910** (Demolition contractors); **237990** (Sediment control system construction); **237310** (Resurfacing, pothole filling, sign erection); **561730** (Landscaping services (except planning); **237110** (Water well drilling, digging, boring, or sinking (except water intake wells in oil and gas fields); **238120** (Structural steel erecting or iron work); **238320** (Precast concrete, installation; concrete product installation); **541380** (Soil testing); **238140** (Masonry work, stone setting, brick laying, and other stone work); **238220** (Sheet metal duct work installation; **238350** (Finish carpentry work, include new work, additions, alterations, maintenance, and repairs); **238390** (Waterproofing contractors; including building finishing contractors); **423840** (Wood Window and Doors); **238140** (Masonry work, stone setting, brick laying, and other stone work, including caulking); **238160** (Painting, spraying, coating and roof); **238290** (Rigging large-scale equipment); **238220** (Mechanical contractors); **238290** (Hoisting and placement of large-scale apparatus); **238220** (Heating, ventilation and air-conditioning (HVAC) contractors); **238210** (Low voltage electrical work); **334512**; (Various instrumental controls; surface burner controls, temperature, manufacturing); **238190**; (Cathodic protection, installation); **541380**; (Testing laboratories); **541690** (Preparation and mobilization); **237990** (Other heavy and civil engineering construction); and **332313** (Tunnels, wind, fabricated metal plate work, manufacturing).

If you would like to quote any item(s) of work on this project, please respond by fax to **610-584-8205** or by email to myers.estimated-pa@allanmyers.com with "BROAD CREEK" in the subject line, indicating your interest in this project and your email address. Upon receipt, we will issue you an invitation to bid from our solicitation system (iSqFt) with access to all bid documents.

Allan Myers encourages all firms to bid as a consortium if project size dictates that for you.

Please contact us if you need any assistance in obtaining bonding or insurances that may be required by the contract documents of this project.

We look forward to working together on this project.
