HESS is seeking bids from qualified local and MDot certified subcontractors and suppliers for the construction trades associated to complete this project.

The project involves a 964-day contract period in which time the contractor will be required to construct a three story academic addition then follow with additional phases of occupied renovations. The renovation will upgrade the mechanical and electrical systems to meet current standard and codes. All existing spaces will be modernized and modified to meet current educational program requirements. The Contract award is expected by end of September 2019.
