

ULLIMAN SCHUTTE

December 3, 2020.

To Whom It May Concern:

Ulliman Schutte Construction, LLC is planning to bid the following project, Reclaimed Final Effluent Pump Systems Upgrades located in Washington, DC. This project bids on January 13, 2021. This project has an estimated value of \$10-\$11 million with a contract duration of 1,032 calendar days.

Solicitation of participation by Minority and Women's Business Enterprises (MBE/WBE) is a requirement of this project. Accordingly, our company is soliciting quotations from subcontractors and suppliers on this project. We are requesting your organization's assistance to us in contacting qualified MBE/WBE companies that would be interested in bidding work on the above project.

MBE/WBE Subcontractors are encouraged to bid as a joint venture/consortium if portions of the work are too large for a single company. Subcontractors are also encouraged to breakdown work packages into a scope of work that enables the subcontractor to comfortably & competitively bid portions of the project.

We are requesting quotations for work under the following specification divisions or any section of a division:

Division 01 – General Requirements

Division 02 – Existing Conditions

Division 03 – Concrete

Division 04 – Masonry

Division 05 – Metals

Division 06 – Wood, Plastics and Composites

Division 07 – Thermal & Moisture Protection

Division 08 – Openings

Division 09 – Finishes

Division 10 – Specialties

Division 23 – Heating Ventilating & Air Conditioning

Division 26 – Electrical

Division 31 – Earthwork

Division 32 – Site Improvements

Division 33 – Utilities

Division 40 – Process Integration

Division 43 – Process Gas & Liquid Handling, Purification, and Storage Equipment

Plans and specifications for this project are available on Building Connected website. Please contact us to receive a link to the website.

Sincerely,
Ulliman Schutte Construction

Adam Quinlan
Chief Estimator
