

Bidding Opportunity! – NEW PROJECT DUE DATE – FEBRUARY 17, 2022. Subcontractor and Supplier quotes are due to AWC by February 16, 2022, 5PM.

Archer Western is seeking Maryland DOT DBE subcontractors and suppliers for the MDSHA MD 175 (Jessup Rd/Annapolis Rd) From National Business Parkway to McCarron Court Interchange Reconstruction Project. **This Project bids on February 17, 2022 at 12PM.**

From the RFP: The work will consist of the following: (a) Reconstruction of the existing roadway to a six-lane divided highway including storm water management and drainage facilities; (b) Resurfacing, pavement removal, and driveway/entrance adjustments; (c) Sidewalk and trail construction; (d) Stream restoration and stream relocation work; (e) Landscape improvements; (f) Construction of new bridges over MD 295 (Baltimore-Washington Parkway) including ramp adjustments; (g) Noise barrier installation; (h) Installation of McCarron Court for a total distance 0.80 miles.

The work will consist of the following:

- a. Reconstruction of the existing roadway to a six-lane divided highway including storm water management and drainage facilities.
- b. Resurfacing, pavement removal, and driveway/entrance adjustments.
- c. Sidewalk and trail construction.
- d. Stream restoration and stream relocation work.
- e. Landscape improvements.
- f. Construction of new bridges over MD 295 (Baltimore-Washington Parkway) including ramp adjustments.
- g. Noise barrier installation.
- h. Traffic signal modifications.
- i. Intelligent transportation system modifications
- j. Water line installation and underground storage tank removal.

ALL QUOTES ARE DUE BY February 16, 2022, 5PM.

Garrett Beers	gbeers@walshgroup.com
Kevin Arndt	karndt@walshgroup.com

Scopes of work include the following:

Aggregate Surfacing	Aggregates for Earthwork
Aggregates for Exterior Improvements	Asphalt Paving
Backfill	Base Courses
Bases, Ballasts, and Paving	Boundary and Survey Markers
Bridge Demolition	Bridge Expansion Joint Cover Assemblies
Cast Stone Masonry	Cast-in-Place Concrete
Cast-in-Place Concrete Culverts	Cast-in-Place Concrete Retaining Walls
Catch Basin Inset Utility Storm Water Filters	Cement and Concrete for Exterior Improvements
Chain Link Fences and Gates	Cleaning of Manholes

Cleaning of Sewers	Clearing and Grubbing
Cold Milling Asphalt Paving	Common Work Results for Planting
Compaction	Concrete
Concrete Accessories (Dowel Bars & Baskets)	Concrete Culverts
Concrete Cutting and Boring	Concrete Finishing
Concrete Form Liners	Concrete Forming
Concrete Forming and Accessories	Concrete Paving
Concrete Paving Joint Sealants	Concrete Slip Forming
Constructed Wetlands	Construction Layout
Construction Surveying	Construction Waste Management and Disposal
Cranes and Hoists	Crushed Stone Surfacing
Culverts	Curbs and Gutters
Curbs, Gutters, Sidewalks, and Driveways	Demolition
Dewatering	Diesel Fuel Distribution
Disinfecting of Water Utility Distribution	Driven Piles
Ductile Iron Public Water Utility Distribution Piping	Dump Trucks
Dynamic Pile Load Testing	Earth Moving
Earth Stripping and Stockpiling	Electrical
Electrical Manholes and Handholes	Electrical Underground Ducts and Manholes
Electrical Utilities	Electrical Utility Poles
Electrical Utility Transmission and Distribution	Embankments
Erosion and Sedimentation Controls	Excavation
Excavation and Fill	Excavation Soil Anchors
Excavation Support and Protection	Expansion Joint Cover Assemblies
Fences and Gates	Field Offices and Sheds
Fill	Fine Grading
Finish Grading	Flatbed Trucks
Flexible Paving	Foundation Performance Instrumentation
Gabions	Geocomposites
Geogrid Layer Separation	Geogrid Soil Stabilization
Geogrids for Earthwork	Geogrids for Exterior Improvements
Geomembranes for Earthwork	Geomembranes for Exterior Improvements
Geosynthetic Clay Liners	Geosynthetic Soil Stabilization and Layer Separation
Geosynthetics for Earthwork	Geosynthetics for Exterior Improvements
Geotechnical Instrumentation and Monitoring	Geotechnical Instrumentation and Monitoring of Earthwork
Geotextile Soil Stabilization	Geotextiles for Earthwork
Geotextiles for Exterior Improvements	Grading
Gravel Drainage Layers	Grinding of Concrete Paving
Grooving of Concrete Paving / Decks	Grouting
Hydro-Mulching	Irrigation
Lime Treated Base Courses	Liquid Fuel Distribution
Maintenance of Sewer Utilities	Manholes and Structures

Masonry	Metal Fabrications
Metal Railings	Milling of Concrete Paving
Mobile Sweepers/Vacuums	Mulching
Overhead Medium-Voltage Wiring	Paint Removal from Paving
Pavement Markings	Paving Removal
Paving Removal (Rubbilizing)	Pile Load Testing
Pipe Culverts	Pipe Underdrains
Plain Steel Reinforcement Bars	Planting
Planting Beds	Planting Soil Mixing
Plants	Pond Liners
Precast Concrete	Precast Concrete Culverts
Public Pipe Culverts	Pumped Concrete
Reinforcement Bars	Relining Sewers
Retaining Walls	Rigid Paving
Rigid Paving Rehabilitation	Riprap
Roadway Subgrade Reshaping	Rough Grading
Selective Demolition for Earthwork	Sewer and Manhole Testing
Sheet Steel Piles	Shoring
Shoring and Underpinning	Shrubs
Signage	Site Clearing
Site Maintenance	Site Surveys
Site Watering for Dust Control	Slope Protection
Sodding	Soil Preparation
Soil Reinforcement	Soil Stabilization
Soil Treatment	Soils for Earthwork
Sound Barriers	Special Foundations and Load-Bearing Elements
Spreading and Grading Topsoil	Steel H Piles
Steel Piles	Steel Ribs and Lagging
Storm Drainage Manholes, Frames, and Covers	Storm Drainage Structures
Storm Drainage Utilities	Storm Drainage Water Detention Structures
Storm Drainage Water Retention Structures	Storm Utility Drainage Piping
Storm Utility Water Drains	Structural Cast-in-Place Concrete Forming
Structural Excavation for Minor Structures	Structural Steel for Bridges
Subdrainage	Subgrade Preparation
Temporary Environmental Controls	Temporary Erosion and Sediment Control
Temporary Fencing	Temporary Storm Water Pollution Control
Temporary Tree and Plant Protection	Topsoil Placement and Grading
Topsoil Stripping and Stockpiling	Traffic Control
Traffic Signage	Tree and Shrub Preservation
Trees	Trenching
Trenching and Backfilling	Trenchless Utility Installation
Turf and Grasses	TV Inspection of Sewer Pipelines
Underground Medium-Voltage Wiring	Underwater Medium-Voltage Wiring

Utilities	Utility Horizontal Directional Drilling
Utility Identification	Utility Line Removal
Utility Storm Water Treatment	Utility Structures
Utility Transformers	Utility Trench Drains
Vehicle Barrier Fenders	Vehicle Barriers
Vehicle Crash Barriers	Vehicle Guide Rails
Vehicle Median Barriers	Vehicle Traffic Barriers
Video Piping Inspections	Water Service Connections
Water Supply Backflow Preventer Assemblies	Water Utilities
Water Utility Distribution Equipment	Water Utility Distribution Fire Hydrants
Water Utility Distribution Piping	Water Utility Distribution Valves
Wells	Wetlands
Wetlands Restoration	Wire Fences and Gates

Fax/email quotes to: (404) 495-8701, awcestimating@walshgroup.com reference project name and scope of work.
