**BID INVITATION FOR CONSTRUCTION OF
BWI Thurgood Marshall Airport Concourse A/B Connector
and Baggage Handling Project
Your bid is due to us on or before
June 15, 2022 @ 5:00 PM (EDT) for Bid Package #2 - Part 1
July 15, 2022 @ 5:00 PM EDT for Bid Package #2 - Part 2**

Project Description:

The Maryland Department of Transportation's Maryland Aviation Administration (MAA) is expanding the Terminal A/B facility at the Baltimore/Washington International Thurgood Marshall Airport (BWI Marshall) to accommodate a new Baggage Handling System (BHS) and provide a pedestrian connector between Concourses A and B. Identified as the Concourse A/B Connector and Baggage Handling System (A/B Connector) project, the new facility will increase the capacity of the existing inbound and outbound baggage systems, provide a more direct airside connection between Concourses A and B, enhance apron level facilities, add passenger amenities such as expanded concession opportunities, as well as provide new restrooms.

This contract will involve all building trades and specialty work associated with airport facilities. Specific elements of the project include, but are not limited to, underground utilities; concrete pavement; reinforced concrete and structural steel; building envelope systems including architectural curtain wall; roofing systems, and skylights; interior architectural finishes; vertical transportation; industrial piping, ducts, and building automation system; fire protection and fire alarm systems; plumbing systems; electrical distribution; telecommunications, data, and security systems.
