

# Kiewit-Shea Tunnel Constructors - Notification of Current & Upcoming Bid Solicitations for Amtrak's Frederick Douglass Tunnel Project (Package A)

**Company Name:**

Kiewit-Shea Tunnel Constructors

**Bid Title:**

Kiewit-Shea Tunnel Constructors - Notification of Current Bid Solicitation for the Frederick Douglass Tunnel Project (Package A)

**Project Description:**

Kiewit-Shea Tunnel Constructors (KSTC) is providing Construction Manager/General Contractor services for the delivery of Amtrak's Frederick Douglass Tunnel Project (Package A). The Frederick Douglass Tunnel Project (Package A) is the centerpiece of Amtrak's Frederick Douglass Tunnel Program, a comprehensive plan that will modernize a 10-mile section of the Northeast Corridor in Baltimore, MD. The new 4-mile Frederick Douglass Tunnel will replace the B&P Tunnel that dates back to the Civil War era.

Package A primarily consists of the construction of the new tunnel. Other major scope elements include the construction of below-grade components such as bored tunnels, mined caverns, cross-passages, and other substructures, as well as the excavation of the running tunnels and ventilation facilities in several locations.

**KSTC is currently soliciting bids from firms who are interested in performing the following scopes of work on the project:**

Guaranteed Maximum Price (GMP) 1B			
Contract Type	Scope/Package	Packages Released	Bid Due Date
Subcontract	Precast Concrete Tunnel Liner (PCTL) Early Fabrication		
Materials/Supplies	<p><b>Site Civil:</b></p> <ul style="list-style-type: none"> <li>Environmental Site Planning Services (incl NPDES)</li> </ul> <p><b>Structure:</b></p> <ul style="list-style-type: none"> <li>Protection of Facilities (Construction Impact Assessments)</li> </ul> <p><b>SOE/Ground Improvement:</b></p> <ul style="list-style-type: none"> <li>Slurry Plant &amp; Equipment</li> </ul> <p><b>Electrical:</b></p> <ul style="list-style-type: none"> <li>Transformers &amp; Switchgear</li> </ul>	5/29/24	<b>7/3/24</b>
