

# FIRM PROFILE

**F**ounded in 1976, Bryant Associates, Inc. (Bryant) is a self-certified veteran-owned small business (VOSB), providing multi-disciplinary professional services. Bryant is also a minority and disadvantaged business enterprise (MBE/DBE), certified by various states, government agencies, counties, cities, and towns. Bryant provides civil, structural, and traffic engineering; water resources; construction management; and surveying services to public and private clients throughout the Northeast, Mid-Atlantic, and Midwest. We're headquartered in Boston, MA with offices in Landover and Baltimore, MD; Lincoln, RI; Rocky Hill, CT; and Louisville, KY.

**Jack D. Bryant, PhD, PE**  
*President and Tuskegee Airman*

- Traffic Impact Analyses

Our clients are leaders and innovators, making essential and innovative contributions in their fields and communities. Our private sector clients include architects, contractors, developers, engineering firms, corporations, and institutions. In the public sector, our clients at the local, state, and federal levels include environmental management agencies, facility management agencies, housing authorities, park and recreation departments, public works agencies, municipalities, and transportation agencies.

Our clients choose Bryant because of our commitment to quality, our knowledge of their needs, standards and constraints, and our skilled and thoughtful professional staff. Clients have engaged Bryant both as a prime consultant and as a subconsultant. We also collaborate with professional peers and organizations that complement our skills and experience to build teams with diverse capabilities. We are quality driven and our principals are accessible, involved, and available.
