

CAPABILITY STATEMENT

Business Summary

HH Logistics, LLC is a woman owned logistics management consultant company organized as a Limited Liability Company in the state of Maryland. The Principal/Owner brings to the company over 20 years of experience in comprehensive logistics planning and move execution support for internal municipal, government and corporate facility management organizations. The objective of **HH Logistics, LLC** is to help owners identify, plan for, and manage all the items that fall outside of the design and construction contracts. We develop customized approaches that complement existing project team resources and position the organization to transition seamlessly while maximizing daily operations in the new/renovated facility. We work on complex projects in the research, administrative, healthcare, and mission critical markets.

Core Services

HH Logistics, LLC is dedicated to providing quality service, meeting project requirements and meeting project schedule constraints, all of which are paramount to our goal of achieving and maintaining customer satisfaction.

We specialize in the following - while continuing our commitment to implementing sustainable business practices:

Specialty	Sustainable Practice
<ul style="list-style-type: none">Logistics Planning & Management	<ul style="list-style-type: none">Promoting overall environmental stewardship of Reduce/Reuse/Recycle
<ul style="list-style-type: none">Move Management	<ul style="list-style-type: none">Purging, shredding, and proper disposal of products

Our Mission

Our mission is to deliver our core services using sustainable business practices, on every project, meeting the needs of the present without compromising the environment and the welfare of future generations all while assuring an efficient and seamless transition.

Differentiators

Our success stories are integrated into our training and also used to differentiate **HH Logistics, LLC**. Our focus is on preparing the building for the people and the people for the building. Our client-driven approach provides a focus on activation and move logistics as well as operational transition planning resulting in an integrated plan that eliminates gaps/pitfalls that can impact schedule and budget.
